Objective

The seminar aims to enhance the knowledge of selected court staff concerning some frequently overlooked topics of European criminal law.

Who should attend?

Selected court staff who often encounter the topics covered in the training during their work.

Methodology

The training consists of multiple modules, each covering a specific European criminal law topic.

Each module starts with a short presentation on the topic by the trainer, followed by case studies and exercises.

While solving the exercises, the participants will familiarize themselves with the legal sources and online tools relevant to the topic.
